

POWER MEMS 2019 AWARDS REGULATIONS

Power MEMS 2019 Awards Competition is established to recognize and award the best designed and presented poster during the conference. The quality of the poster will be evaluated in terms of graphical design (self-explanatory, clarity), scientific content, impact and presenter communication.

Power MEMS 2019 conference gives much relevance to the Power MEMS Awards Competition, therefore few regulations have been prescribed.

1. The awards will be given in four categories:

- Best Paper Award,
- Outstanding Paper Award,
- Micromachines Best Poster Award,
- Outstanding Poster Award.

2. Papers and posters qualified for the Competition will be preselected by the Scientific Committee based on the abstract submission.

2. Scientific Committee will review all the preselected posters during the oral and poster sessions and announce the Winner's at the closing ceremony of the conference.

3. The sponsor of the *Micromachines Best Poster Award* is Micromachines an Open Access Journal by MDPI.
